How to Donate to St. Luke Online

When you donate online, you can pay with a credit card, debit card, or by withdrawal directly from a bank account (an EFT transaction). EFT transactions are preferred because the fees are lower.

To enter a donation the first time:

1. Click the following link to open the online donation page:
[St. Luke online donation page](#)
2. Enter the amount of your donation in the General Fund box.
3. For **Donation Frequency**, specify whether the donation is one-time or recurring (weekly, every two weeks, monthly, or twice a month).
4. For **Donation Start Date**, specify the date you want to make your donation or your first donation if recurring.
5. For recurring donations, you can specify a **Donation Stop Date**. Leave this blank for one-time donations or if recurring donations are ongoing.
6. Enter your name, street address, and email address. (Phone number is optional.)
7. Select how you want to pay and provide the payment details. The fees we are charged are lower if you choose Checking or Savings. If you prefer to use a credit or debit card, consider checking the box to give an additional 2.5% to offset the processing fees.
8. To save your profile (recommended), click **Select Password** and enter a password for the next time you log in. This will save you time for future donations and enable you to view your payment history.
9. Click **I'm not a robot** and follow the instructions.
10. Click **Process**. You will see a confirmation page and will receive a confirmation email.
11. Click **Log Off** to exit the donation page (strongly recommended for security reasons).

To log in to your account once you've created it.

1. Click the following link to open the online donation page:
[St. Luke online donation page](#)
2. Enter your email address and password and then click **Log In**.
3. From here, you can view past transactions, make another donation, stop recurring transactions, or edit your profile information.
4. Click **Log Off** when you are finished.
